✦ PINAI

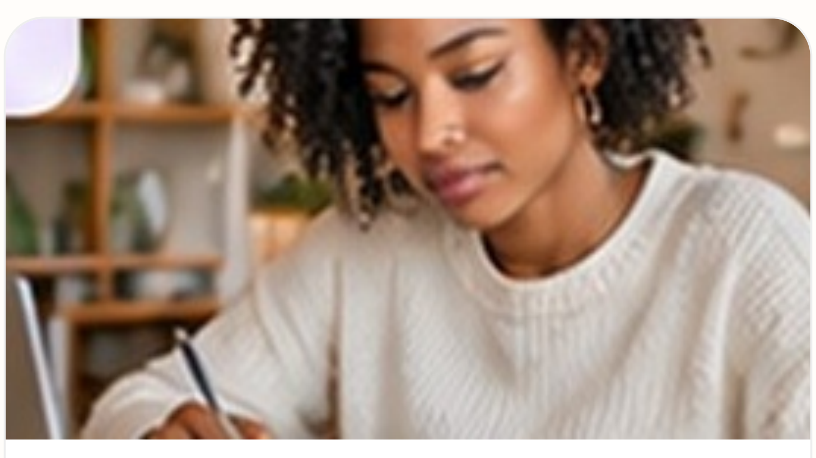
I can see what you are showing. Let's figure this out together.

Looks great! Here is what to adjust.

TALK FACE TO FACE	Natural, real-time conversations.
SHOW WHAT YOU MEAN	Use your camera, photos or surroundings.
SHARE YOUR SCREEN	Get help with what you are working on.

Ways to use PINAI.

Real help for real life, at home, at work, and everywhere in between.



Learn something new

Get clear explanations, see examples and explore ideas visually.

Get work done

Brainstorm, plan, analyze and create with real-time support.

Solve everyday problems

Show what you are dealing with and get practical, step-by-step help.

One conversation, many ways to connect.

Talk, show, type or share. PINAI brings it all together, so you can get help in the way that works best for you.

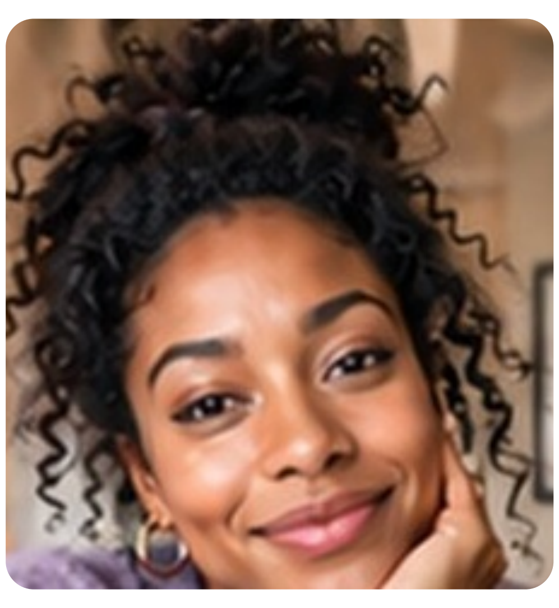
✦ PINAI

Can you help me with this presentation?

Of course! I can see your slides. Here are a few suggestions.

Ask anything... →



Video	Talk face to face
Voice	Speak naturally
Images	Show photos
Screen share	Get help with work

Designed around you.

More understanding. Less friction. A more helpful AI, built for real life.

Accessible explanations

Get simple, clear answers that fit your level, with visual examples when helpful.

Multilingual conversation

Talk in your language. PINAI understands and communicates across languages.

Continuity across follow-ups

Keep the context. Pick up where you left off, so conversations feel natural.

Your privacy, your control.

You decide what to share, and when.

Your camera, microphone and screen sharing are always optional. You are in control of the content you share.
